As a major supplier of product and support services for targeted intraoperative radiotherapy, you won't want to miss the opportunity to exhibit at the 6th Annual TARGIT Collaborative Group (TCG) Conference.

In addition to displaying your organization's products and services, the networking opportunities available at this event will be invaluable. There are a limited number of sponsorship and table top exhibit spaces available. These will be awarded on a **first-come, first-served basis** only. Please complete the enclosed Exhibitor and Sponsor Application and return it today to guarantee your spot at this important industry event. We are expecting 150-175 attendees this year.

Exhibit Area

The TCG exhibit area is a table-top show adjacent to the main session room. This is the same area where food events will generally occur. While there are no defined exhibit hours, it is up to each exhibitor to determine the appropriate times to staff their table.

Your products and material is limited to the immediate area around your table. In all cases, your material may not obstruct other exhibitors.
